

FENNIE+MEHL Architects

Qualifications Package

Small studio, big heart.

28 years ago, cofounders Ned Fennie and Doug Mehl decided to start a firm that was grounded in hands-on principal involvement. A firm that eliminates unnecessary bureaucratic layers between ourselves and our clients, an issue that they were experiencing at other architectural firms.

Today our studio is a recognized thought leader in workplace design. Over our 25+ years in business, we have become known for our ability to continually rethink and adapt the workplace to a rapidly changing business world and workforce.

A highly recognized leader in our industry once referred to our firm as “the small studio with a big heart.” She further explained that our small size was deceiving since we are constantly competing against the “big guys.” Whether we’re delivering a 200,000 SF project or a 12,000 SF project, our team consistently demonstrates that we care about a successful, meaningful outcome that is grounded in a positive experience for our clients.

Our studio leadership is evolving beyond the founders. Jenna Ruth, Diana Nankin, and Omied Arvin are partners at the firm and are excited to stand on the shoulders of the founders, carrying the firm forward for another 25+ years.

The image shows a spacious, modern office interior with a rustic aesthetic. Large, dark wood tables and benches are arranged in rows. Several people are seated at the tables, working on laptops. The ceiling is high, with exposed ductwork and large, circular pendant lights made of metal rings with many small bulbs. The floor is polished concrete. In the background, there is a kitchen area with a white subway tile backsplash and open shelving. The overall atmosphere is warm and collaborative.

What our clients say about us

“Our firm’s partners were having trouble visualizing the potential of a space we were touring. Given that we hadn’t signed the lease yet, we couldn’t afford the traditional Schematic Design approach which would take several weeks. FENNIE+MEHL was able to utilize AI software and produce a Conceptual Design package with color renderings that helped the partners visualize the space. All within 1 week’s time!”

- Anke, Head of HR, Admin, & Ops at CRV

“Proud to have been able to work with you on this project. You created a space and a cultural "fabric" that should be acclaimed as a model for the future. Glad to see the jurors agreed. Much deserved.”

- Gordon Ritter, Founder at Emergence Capital

“F+M’s greatest strength is being a thought-leader in our industry. This is directly reflected in your ability to help client’s make critical design decisions.”

- Tom Suro, Director of Facilities & Real-Estate at SVB

“F+M is totally about collaboration. They listened, gathered the creatives and made our wish list for our home base come alive in the most unexpected ways. We are thrilled with our space and the connection we have created with this great city of San Francisco.”

- Scott Chacon, Co-Founder at Github

“I’m so glad we chose you.”

- Kirsten Green, Founder at Forerunner Ventures
